Camp American

Pokagon State Park Angola, Indiana

June 12-18, 2011

2011 Camp American theme

Preparing To Advance By Going Back To Basics

The assaults on our Christian heritage and God-given liberties continue unabated and increase yearly. These ungodly assaults will be eliminated only when the American

people once again apply biblical standards to daily living, and study and understand the blueprint for American liberty, the Constitution. Camp American is proud to host The Institute on the Constitution, and Tom DeWeese from the The American Policy Center. The training provided by Camp American, will equip students and adults to become the godly statesmen that America needs to restore the foundations of liberty. Some of the topics to be discussed at Camp American 2011 include:

- Morals, Character, and Self Government
- The Constitution and Original Intent
- The Proper Role of Civil Government
- The Responsibilities of the Christian Citizen
- Guarding the Constitution
- Restoring Property Rights

Louisville, KY 40215

At Camp American **students and adults ages 12 and older** will gain a deeper understanding of our nation's Christian heritage, our founding documents, the proper role and principles of good government, and why morals based upon biblical principles are absolutely essential to maintain a free society. The goal of Camp American is to raise an army of godly statesmen for the 21st century. Students and adults will learn the importance of both prayer and action as the staff of Camp American imparts a clear understanding of their God-given rights and responsibilities in preserving and protecting the blessings of liberty. Camp American also seeks to instill respect for parents, morals and manners, and a love of God, family and country in the hearts of our nation's youth. Campers and staff are expected to exercise proper internal self-government. Camp American students will spend one week learning and playing in a beautiful, lakeside camp setting, rich in wholesome recreational activities and free from the corrupting influence of television, radio, and video games.

Camp American is an autonomous, non-denominational, non-partisan, not-for-profit 501(c)3 educational organization. Camp American staff members and volunteers are parents, grandparents, teachers, home-educators, laborers, businessmen, and professionals who are active in a variety of Christian churches and organizations dedicated to the preservation of American liberty. Classes at Camp American are lead by outstanding Americans who are experts in the field of the Constitution, its original intent and government. They are deeply dedicated to restoring biblical morals, virtue, and sound constitutional government to America.

The Camp American kitchen needs a limited number of volunteers. Deep tuition discounts are available for the children of kitchen volunteers. Please call program coordinator, Noelle Dielman, for complete details. (614) 893-5986

A Sampling of 2011 Camp American Instructors

Pastor David Whitney, Head instructor Institute On The Constitution (www.iotconline.com)

Ricki Pepin, Author, constitutional education consultant and IOTC instructor

Barry Sheets, CEO of Principled Consulting; founder and director of the Institute for Principled Policy (www.principledconsult.com, www.principledpolicy.com)

Chuck Michaelis, executive director Camp American, Vice-chairman Institute for Principled Policy, historian; constitutional scholar, small-business owner (www.campamerican.com, www.principledpolicy.com, www.rockyforkformulas.com)

Charles E. "Charlie" Smith, researcher; expert on the constitution and the growth of government

Other speakers to be announced

A typical day at Camp American begins with a proper flag raising, morning devotions and a hearty breakfast. Between breakfast and lunch, students will attend 3 interesting and informative classes, with a 10-minute break after each. After lunch, students will enjoy an afternoon full of wholesome, adult-supervised recreational activities of their choice. Following a delicious dinner, students will attend one evening class, followed by an organized activity for the entire camp. Finally, students will wind down at our nightly campfire where they will sing, learn about the Christian character that shaped the founding of our nation, and enjoy a time of devotion to our Lord Jesus.

We place a high value on modesty and appropriate behavior between persons of the opposite sex. Each Camp American student will be assigned a cabin and a counselor. Our carefully selected counselors sleep in the cabin with their charges. Young men and young ladies are not permitted in one another's cabin. Young men and young ladies cabin areas are separated by adult staff cabins. Campers, staff and volunteers must wear modest clothing which does not expose undergarments or the midriff area. Young ladies must wear one-piece swimsuits. Young men must wear shorts-style swimsuits.

**Tuition Information is available on the back of the registration form.
