Our 2015 Teachers and Classes

The staff at Camp American takes great pride in presenting these great teachers who are uniquely qualified in providing sound teaching in the areas of history, economics, civics and government from a biblical perspective. Campers and staff will come away from their camp experience with not just a working knowledge of their subjects but a clear idea of what to do with the knowledge they have acquired. We firmly believe that campers should not only have a Christian worldview that extends to ALL areas of life but that they should also have a working knowledge of how to apply that worldview to ALL areas of life.

The Fun Stuff

At Camp American we know that it's important that people have some fun after a hard day of work. Our staff makes sure that there are plenty of opportunities for our campers to meet life-long friends, new and old, and engage in fun activities no matter what their interests might be. Campers are in class in the morning but have the entire afternoon to engage in a variety of activities of their choice.

For those who love water sports **Camp American** has water skiing, tubing, boating, and fishing (yes, bring your poles) right from our own dock on Lake James. We have swimming at the public beach on beautiful Lake James just a

short walk along the trail from the camp grounds. There is also paddle boating available in the park.

We also have opportunities for those who prefer landlocked activities like Go-karting, mini-golf, roller skating, bowling, basketball, volleyball, ping-pong, etc. There are also opportunities for chess, checkers, Jenga, Risk, and other board games for those

who enjoy more cerebral activities. There are also special theme nights (the always popular Hawaii Night again this year) as well as a skit night
